Repayment Information and Disclosures

This is a federal student loan serviced under a Standard repayment plan. Interest that you pay may be deductible on your federal income tax return as an adjustment to income; see the Instructions for Schedule 1 (Form 1040) and IRS Publication 970. Income-driven repayment plans may lower your monthly payment based on your income and family size; contact us or visit your federal student aid account for details. You may pay extra toward principal at any time without penalty.

Daily Interest Accrual and Payment Ledger

Interest accrues daily on the outstanding principal at the fixed annual rate divided by 365. The scheduled monthly payment is applied on the 12th of each month. The ledger below shows daily accrual and the resulting principal balance through payoff.
